JEFFERYS's ITINERARY;

OR

attes. 6. 77. 6

TRAVELLERS COMPANION,

Rob! & Pastery

THROUGH Hamilton

England, Wales, and Part of Scotland,

CONTAINING

All the DIRECT and Principal CROSS ROADS;

WITH

The Addition of every New Road, carefully collected from all the actual Surveys hitherto published.

IMPROVED WITH MANY THOUSAND NAMES OF PLACES MORE THAN ARE IN ANY SIMILAR PUBLICATION.

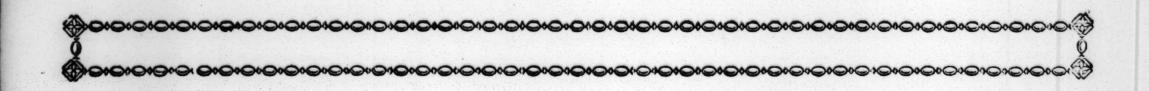

TO WHICH ARE ADDED

Copious INDEXES to all the ROADS and PLACES mentioned in the Work, with their exact DISTANCE from LONDON.

LONDON,

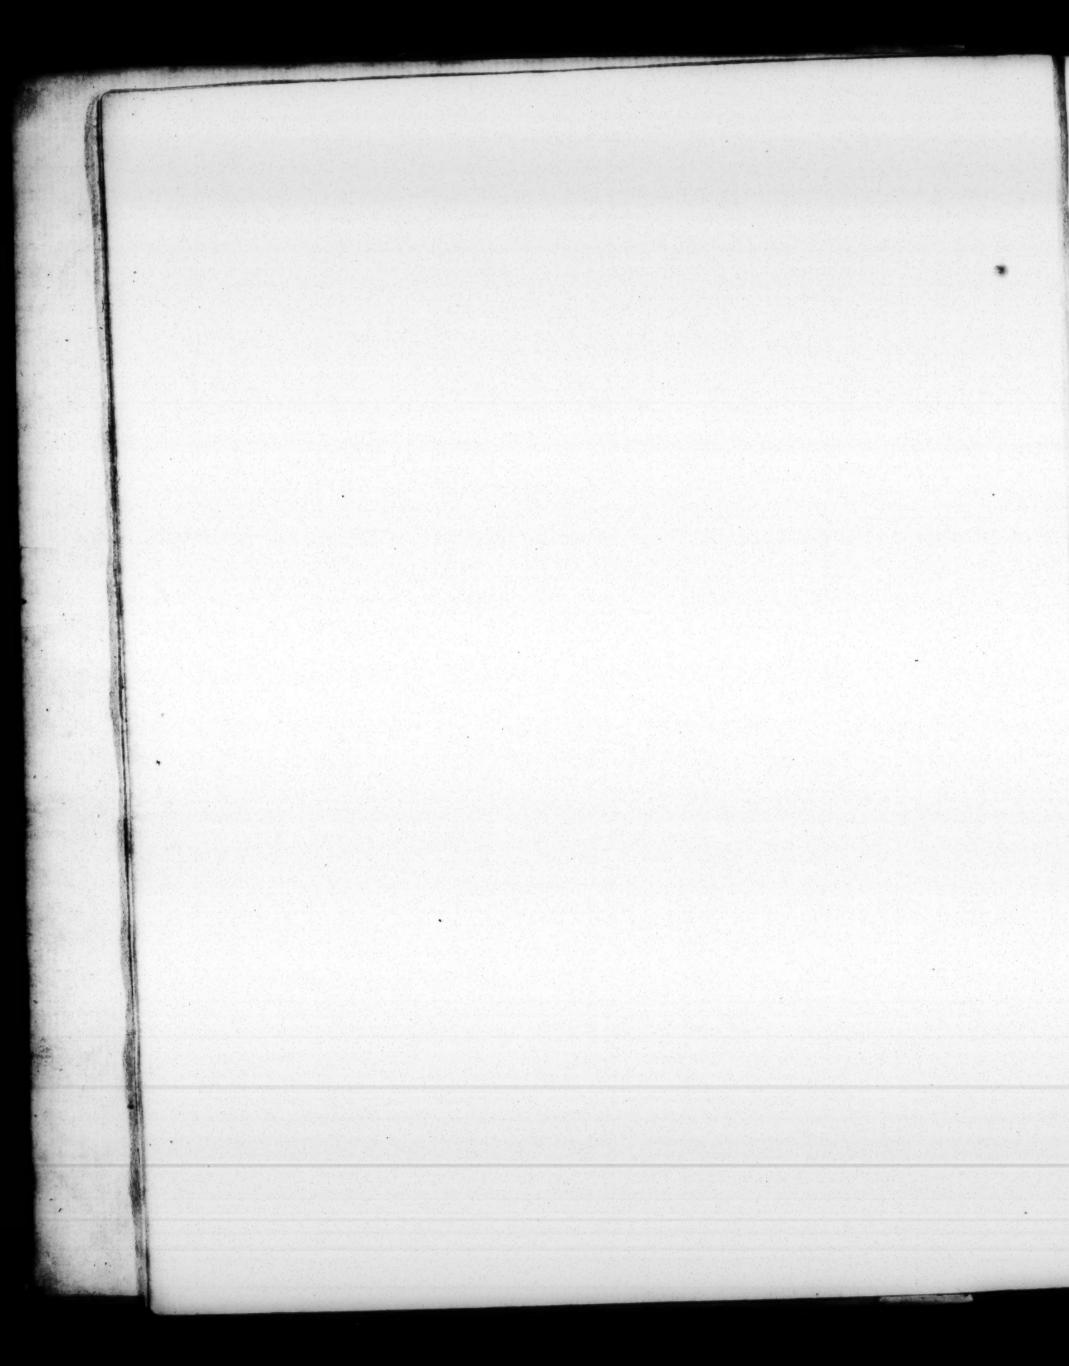

Printed for R. SAYER and J. BENNETT, Map and Print Sellers, No. 53, FLEET-STREET.

23...264

PREFACE.

THE many new Turnpike-Roads and communications between the different towns in this Island, few of which are taken notice of in any of the books of the English Roads, some even pointing out Roads which are no longer in a passable condition, was a sufficient reason for attempting a new and more correct description. The plates for the following Work were originally intended for an account of these roads in French; but, falling into the hands of the late Mr. Jeffers and the Editor, it was thought they might be the foundation of a work in English. And to render it the most compleat and exact of any yet published on this useful plan, all materials on the subject have been consulted, and the best information possible procured from persons well acquainted with the Roads; so that it contains several thousand names of places on and adjacent to the Roads, which are not to be found in any other collection: and, besides its exhibiting a view of the principal Highways as they now exist, there are added all the smaller branches leading from the considerable Market-towns to each other, together with a very full Index, which, we flatter ourselves, will make this Book the best direction for travelling through this Kingdom.

INDEX to Places on or near the Direct and Principal Roads in England and Wales, and Part of Scotland; shewing the Counties they are situate in, and their Distance from London.
